Plaintiff,

vs.

CURTISS-WRIGHT CORPORATION d/b/a

d/b/a Curtiss-Wright Steam and Air

STEPHANIE LANIER, and

SHANE SABLITSKY,

Defendants,

C.A. No.: 2:25-CV-00405-DCN-MHC

2025 JUL 15 PM 3:07

**PLAINTIFF'S MOTION TO COMPEL OR REQUEST FOR ISSUANCE OF
SUBPOENAS**

Plaintiff Debra Nelson, appearing pro se, respectfully moves this Court—pursuant to Fed. R. Civ. P. 26(b), 30(a), 34, and 45—for an order issuing subpoenas to third parties and nonparties as detailed below. This motion follows the Court's approval of Plaintiff's Second Motion to Amended Complaint (Dkt. No. 44), which now asserts claims for (i) Invasion of Privacy—Intrusion Upon Seclusion, (ii) Whistleblower Retaliation, and (iii) Intentional Infliction of Emotional Distress. Those newly pled claims and supporting factual allegations establish the direct relevance of the requested discovery.

BACKGROUND

1. On May 27, 2025, the Court granted Plaintiff leave to file her Third Amended Complaint. That pleading includes specific allegations of repeated cyber-intrusions of Plaintiff's cell phones, email accounts, and vehicle infotainment system, as well as targeted surveillance and retaliation for Plaintiff's protected disclosures to federal agencies.
2. Prior to amendment, Plaintiff served requests for subpoenas to Verizon Wireless, Apple Inc., Microsoft Corp., Google LLC, American Honda Motor Co., Motorola Solutions Inc., and certain nonparty individuals and her former attorney. Those requests were denied on relevance grounds because the operative complaint did not yet include privacy-intrusion or cyber-hacking claims. Defendants objected, asking, "What does this have to do with my complaint?"
3. The Third Amended Complaint's new counts directly encompass the very surveillance and hacking events for which Plaintiff seeks evidence. Plaintiff's "Exhibits List for subpoenas" (filed concurrently) identifies documentary and electronic proof—videos,

screenshots, text messages, emails, and forensic logs—demonstrating unauthorized access to her devices and person.

4. The discovery deadline is November 5, 2025. Prompt issuance of these subpoenas is necessary to obtain critical evidence for trial and to allow potential amendment of claims if warranted by the returned materials.

ARGUMENT

Under Rule 26(b)(1), “[p]arties may obtain discovery regarding any nonprivileged matter that is relevant to any party’s claim or defense.” Plaintiff’s amended pleading now specifically alleges intrusion upon her private communications and personal effects. Rule 45 authorizes subpoenas commanding production of documents and testimony from nonparties. Each request below is narrowly tailored to obtain information directly pertinent to Plaintiff’s newly pled claims, proportional to the needs of the case, and not obtainable from any other source.

I am a customer of Verizon and have been for several years. In the past months my phone has been continuously tracked by the federal government. I have not committed any crimes or associated with anyone that does. Unless Verizon has a subpoena and that can only be obtained with probable cause no one should be able to track or hack into my account. I am going to consult an attorney and see what my options are because this is illegal and an invasion of privacy. Verizon is not operating in good faith if this illegal hacking of both my phones is happening with Verizon's authorization. My phone numbers are 843-813-1335 and 843-277-4142 and my name is Debra Nelson.

I have had a gmail account for several years. In the last few months my account has been under attack. I have used antivirus software and VPN to protect my account but lately that has not helped. My account is being blocked from me sending emails. These attacks are coming from the federal government. Unless you have a subpoena that gives them access to my accounts this should not be happening. I plan to seek legal action if that's not the case. My accounts are totally blocked for no reason. I just created this account from a safe computer that should not be able to be tracked for now. These are the accounts that are being affected; nelsondebra62@gmail.com and mistyblues1990@gmail.com.

On Friday, November 10, 2023 employee Deb Nelson was contacted by Barry Morrow (HRBP LOA) per CW standard work practice regarding her recent Short Term Disability Claim. Barry Morrow filed a complaint regarding the unprofessional response that he received from Deb Nelson. Barry explained the 7-day elimination period, and that more than likely Deb would be subject to the elimination period since she was not hospitalized nor did she have surgery, she replied: "That's some fucking bullshit. I been out all week and you gonna pay me for 1 day?!!!" After which she hung up the phone.

On Friday, November 10, 2023, in response to the complaint made by Barry Morrow regarding the unprofessional response from Deb, Jamie Khambatta (EMD HR) conducted a investigation to include an interview with Deb Nelson. Deb refused to give a statement and claimed she was being told something different than everyone else regarding her short term disability. After Jamie stated that she wasn't involved in disability cases at Deb's location and that she was calling to investigate Barry's complaint from earlier, Deb replied: "You don't act this fast when I make a complaint. It takes you months to investigate my complaints. I just talked to that man this morning. I bet he's white, right? I ain't giving you no statement. You're trying to set me up. You're not gonna set me up." After which she hung up the phone.

On Monday, November 13, 2023, Barry Morrow sent an email to Deb Nelson in attempt to gain information regarding how she wished to account for time not covered by Short Term Disability. This resulted in the following response that was forwarded to SAS HR, employee's supervisor Antonio Coleman and Shane Sablolsky: "I said nothing to this man about FMLA. The conversation was about short term disability. I'm tired of these people fucking with me." This pattern of behavior is in direct violation of the CW Code of Conduct Section IV-E. We Work In A Positive Environment and SAS Rules of Conduct B.3. Abusive or other inappropriate, aggressive, disrespectful, or intimidating language or conduct.

Indicate corrective action to be taken on the part of the employee. Specify time frame for such action (attach additional sheet if necessary): *

This unprofessional conduct must stop immediately. Any further violations, not necessarily of the same nature, or any violations of SAS Rules of Conduct, Shop Practices, CW policies/and or procedures or SAS policies and/or procedures will lead to further disciplinary action up to and including termination of employment.

The employee is advised that in accordance with our Progressive Disciplinary Policy, insufficient improvement or misconduct may result in further disciplinary action up to and including termination.

* Separate memo or Performance Improvement Plan (PIP) may be attached.
