C.A. No.: 2:25-CV-00405-RMG-MGB

PLAINTIFF'S MOTION TO CORRECT THE RECORD AND DOCKET

Plaintiff Debra Nelson, proceeding pro se, respectfully moves the Court to correct and clarify the docket and record to accurately reflect Plaintiff's filings submitted on **November 6, 2025**. This motion is limited to record accuracy and docket integrity and does not seek reconsideration of any substantive ruling.

I. BACKGROUND

1. On November 6, 2025, Plaintiff submitted and served **two separate filings** in this matter.
2. One of those filings—**Plaintiff's Notice of Opposition to Defendant's Motion to Compel**—was docketed and appears on the docket as ECF No. 213, reflecting a November 6, 2025 filing date.
3. The second filing submitted the same day—**Plaintiff's Objections to Magistrate Judge's Orders (ECF Nos. 192 & 194)**, addressed to the Honorable Richard M. Gergel pursuant to Fed. R. Civ. P. 72—**did not appear on the docket** at that time despite being stamped by the Clerk.
4. When the Objections failed to appear, Plaintiff filed a **Notice of Undocketed Filing on November 14, 2025**, attaching the Objections so that they would be available to the Court.
5. Although the Notice of Undocketed Filing was docketed, the **attached Objections were not docketed as an attachment despite being mentioned in the filing. The attached Objections did not appear as a separate, independent entry** at that time either.

Plaintiff notes that although the Objections were attached to the Notice of Undocketed Filing filed on November 14, 2025, the attachment was not docketed as a separate filing at that time. The Objections later appeared on the docket as ECF No. 219 without clarification distinguishing the original submission date from the later docketing date.

Case No. 2:25-CV-00405-RMG-MGB

6. The Objections later appeared on the docket as **ECF No. 219**, after the filing of the Notice of Undocketed Filing and external inquiry, without clarification distinguishing the original submission date from the later docketing date.
7. As a result, the current docket reflects **ECF No. 213** as a November 6, 2025 filing, while **ECF No. 219** appears as a later entry, despite both documents having been submitted and served on **November 6, 2025** (Refer to the original stamp and the signature page).
8. This docket presentation creates ambiguity regarding when Plaintiff's Objections were originally submitted and when they were independently available to the Court.

II. BASIS FOR RELIEF

The docket is the official record relied upon by the Court and the parties. Where two filings are submitted on the same date, but only one is timely docketed while the other appears later without clarification, the resulting discrepancy materially affects how the procedural history is understood and relied upon.

Here, Plaintiff timely submitted and served her Objections on November 6, 2025. The delayed docketing and subsequent presentation of those Objections as **ECF No. 219** occurred outside Plaintiff's control and should not alter the procedural reality of when the filing was made.

Plaintiff seeks correction solely to ensure that the docket **accurately reflects the true procedural history** and does not create confusion or prejudice based on administrative handling.

III. RELIEF REQUESTED

Plaintiff respectfully requests that the Court:

1. **Correct and/or clarify the docket** to reflect that Plaintiff submitted and served her **Objections to Magistrate Judge's Orders (ECF Nos. 192 & 194, now docketed as ECF No. 219)** on **November 6, 2025**, the same date reflected for **ECF No. 213**;
2. **Annotate the docket** or otherwise clarify that **ECF No. 219** reflects a filing originally submitted on November 6, 2025, but docketed at a later date due to administrative handling; and
3. **Clarify that Plaintiff shall not be prejudiced** by the delayed or inconsistent docketing of **ECF No. 219**, which was outside Plaintiff's control.

This motion is made solely to ensure **accuracy, clarity, and integrity of the Court's record**.

Plaintiff notes that although the Objections were attached to the Notice of Undocketed Filing filed on November 14, 2025, the attachment was not docketed as a separate filing at that time. The Objections later appeared on the docket as ECF No. 219 without clarification distinguishing the original submission date from the later docketing date.
