Congressman Clyburn,

I am following up to forward the response I received from Senator Lindsey Graham regarding my request for Congressional oversight.

As reflected in the attached letter, Senator Graham declined to engage and characterized my concerns as state-level matters, despite the fact that my complaint includes conduct by federal judges in the District of South Carolina and raises serious access-to-courts and due process concerns. The response does not address the substance of the issues raised and provides no referral or federal review.

I am forwarding this response to your office so that it is part of the record. Given the federal nature of the judiciary involved and the absence of meaningful engagement at the Senate level, I respectfully reiterate my request for your assistance in seeking appropriate federal oversight and referral.

Please let me know if your office requires any additional information or documentation. I am prepared to provide docket references, timelines, and supporting materials upon request.

Thank you for your time and attention.

Respectfully,

Debra Nelson
